

# PBIS Strategy: Behavior Intervention through PBIS Club

## About the Beaumont PBIS Series

At Beaumont Unified School District in Beaumont, California, educators have uniformly implemented PBIS (Positive Behavioral Interventions and Supports) within each school to support the academic achievement of all students. The segments in this program explain the principles and demonstrate the practices of a successful PBIS approach.

## Pre-Viewing Discussion Prompt

How do you currently provide help for students who need extra behavioral support?

## About this Segment

For students who require additional targeted support, Palm Elementary has created a PBIS Club to allow students to discuss and role-play appropriate behavior.

## Reflection Questions

1. What are some benefits of having the students identify their own behavioral strengths and weaknesses?
2. What are some benefits of having the students role-play positive behaviors?
3. What does it look like to you when students monitor their own behavior?
